

APPLE DEVICES ON LOAN FROM WESTCOAST

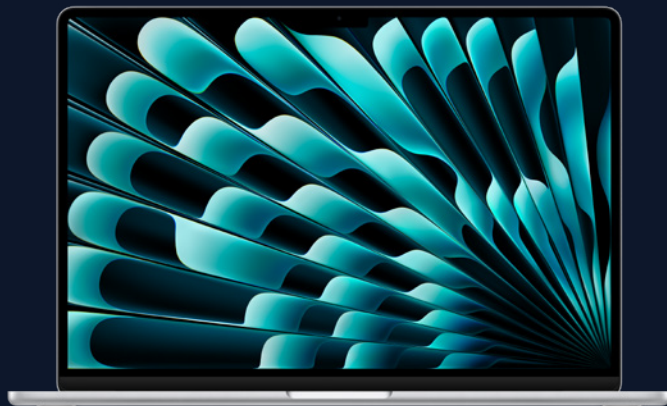

Helping you find the right device for your customer

There's an easy way to highlight the advantages of Apple. With our Demo Scheme, your customer gets to experience exactly what Apple technologies have to offer – with no need for you to hold every product in stock.

Demonstrate just how seamless collaboration across devices can really be, with benefits from real-time iCloud updates to the simultaneous sharing options of Flexible Canvas. Or showcase the latest Mac, iPad, and iPhone models at your next industry expo. Customers can get hands-on with every feature. You can even arrange loans for those who prefer to try the devices for themselves in their own time.

[REQUEST NOW](#)

Devices available on loan

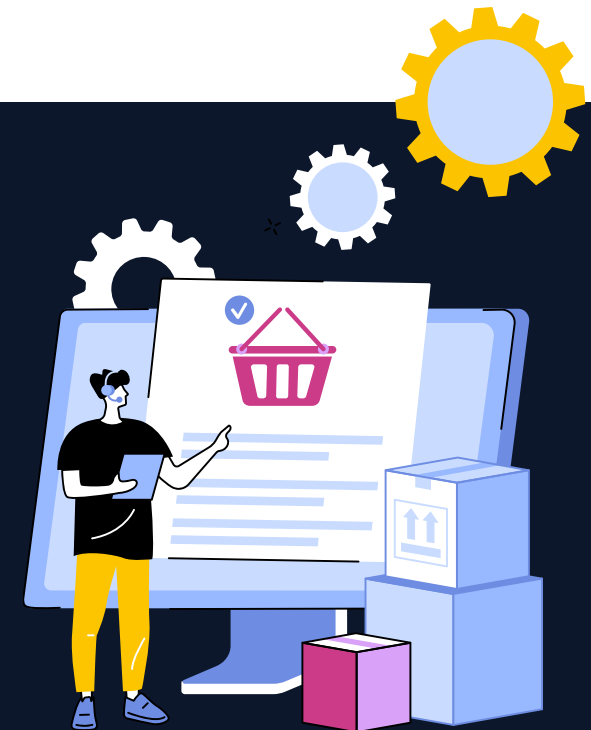

Mac

iPad

iPhone

STEP 6
Receive credit in full
(excluding shipping costs)

STEP 1
